**Kore Potash plc**

("Kore Potash" or the "Company")

**Engineering Procurement and Construction Proposal (EPC) Received**

Kore Potash plc, the potash development company whose flagship asset is the 97%-owned Sintoukola Potash Project ("Project") in the Republic of Congo, provides an update on the Engineering, Procurement and Construction (EPC) proposal for the Kola Project.

Further to the Company's announcement on 29th January 2019, the Company confirms that on Saturday 23 March 2019, the French Consortium of Engineering Companies (Technip France and Vinci Construction Grand Projects) delivered an EPC proposal for the Kola Project for the Company's consideration. The EPC Proposal was delivered after the due date for delivery, which was 28 February 2019. The management of Kore intend to consider all options for the development of Kola.

### Forward-Looking Statements

This release contains statements that are "forward-looking". Generally, the words "expect," "potential", "intend," "estimate," "will" and similar expressions identify forward-looking statements. By their very nature and whilst there is a reasonable basis for making such statements regarding the proposed placement described herein; forward-looking statements are subject to known and unknown risks and uncertainties that may cause our actual results, performance or achievements, to differ materially from those expressed or implied in any of our forward-looking statements, which are not guarantees of future performance. Statements in this release regarding the Company's business or proposed business, which are not historical facts, are "forward looking" statements that involve risks and uncertainties, such as Mineral Resource estimates and statements that describe the Company's future plans, objectives or goals, including words to the effect that the Company or management expects a stated condition or result to occur. Since forward-looking statements address future events and conditions, by their very nature, they involve inherent risks and uncertainties. Actual results in each case could differ materially from those currently anticipated in such statements. Investors are cautioned not to place undue reliance on forward-looking statements, which speak only as of the date they are made.
