Correction to Notice of General Meeting

Kore Potash advises that there is a typographical error in the text of Resolution 3 of its Notice of General Meeting dated 28 June 2019.

The number of shares referred to in Resolution 3 is incorrectly stated as 338,135,954. This number should be 338,135,960.

Accordingly, Resolution 3 in the Notice of General Meeting should read as follows:

"That, for the purposes of ASX Listing Rule 7.1, and for all other purposes, Shareholders approve the issue of 338,135,960 New Shares to new and existing Shareholders (other than SQM, SGRF, Mr David Hathorn and Mr Brad Sampson) at an issue price of £0.016 / ZAR0.3023 per New Share, for the purpose and on the terms set out in the Explanatory Statement accompanying this Notice of Meeting."

The correct number of shares is set out elsewhere in the Notice of General Meeting, including in the Explanatory Statement for Resolution 3. The alteration of the resolution to correct the number of shares referred to in Resolution 3 will be effected by a motion tabled at the General Meeting. A corrected version of the Notice of General Meeting is available for information purposes at www.korepotash.com and copies will be available at the General Meeting.
